

## Time Frame for DJ/ Music Preparation

### 6-12 Months before:

\*Book/ Schedule your wedding with us.

### 3 Months before:

\*Get together and go over your music style preferences as well as get a good idea of your wants & needs from us.

\*Put down deposit

### 1 Month before:

\*Verify any changes that have been made to plans

### 1 Week before:

\*Touch base for any last minute updates, additions, or changes

## Suggestions for Making the Most of Your Music/ Reception

Make sure to think about your guests... Even though this is YOUR big day, they are a part of it too. So, if you like hop-hop, but you will be having a lot of older family members, maybe tone it down a bit.

Have whomever is giving the toasts stop by and see us before so we can let them know how to use the microphone- this will reduce any awkwardness.

Ask special family members what was 'their song' that they danced to at their wedding & let us know to put it on the play list!

*And most importantly...*

DON'T stress out over the music- we can add/ remove/ or change ANYTHING at the last minute, no problem!
